Children and Grief
with

Dr. J. William Worden, PhD, ABPP

Thursday, May 6, 2010

7:00 p.m. - 8:30 p.m.

The Children's Bereavement Center of South Texas

205 W. Olmos Drive

Dr. Worden conducted the definitive study on how children grieve
the loss of a parent at Harvard University and wrote

Children & Grief: When a Parent Dies.

His model of the Tasks of Grief is accepted world wide as a major
contribution to understanding grief in both children and adults.

He will be sharing his insights about grieving children and
how our work at The Children's Bereavement Center of South Texas
is a key element to their healing.

This presentation is offered as a gift to
The Children's Bereavement Center of South Texas by Porter Loring Mortuaries.

We'll Take Care Of Everything.
